Subject: Application for Full Stack Development Internship

Dear Hiring Manager,

I am writing to apply for the Full Stack Development Internship at your organization. I am a 3rd-year Bachelor of Engineering student in Information Technology with a strong interest in web development and software development.

I have a foundation in Python, Java, JavaScript, HTML, CSS, DBMS, OOP, and Data Structures & Algorithms. I have also worked on projects such as a To-Do List Application, Library Management System, Student Management System, Attendance System, and Out Pro India, which have helped me improve my programming, problem-solving, and web development skills.

I am a quick learner, good problem solver, and team player, and I am eager to gain practical industry experience while contributing to real-world projects. I would appreciate the opportunity to learn from your team and develop my full-stack development skills.

Thank you for considering my application. I look forward to the opportunity to discuss my candidature.

Sincerely,

Vuduthala Nikitha
